# INDUSTRYPLUS

Our IndustryPlus JS20MH wheeled excavator may be our entry level machine but it still offers the very highest levels of performance and productivity in material handling, with high specification, world-beating build quality and unrivalled comfort to help you get the job done.

---

# INDUSTRYPRO

Our top of the range IndustryPro model has been designed and built specifically to get the job done in challenging applications. IndustryPro has a higher standard specification for even greater productivity, versatility and safety.

## JUST THE JOB

## FOR GREATER EFFICIENCY.

Our new IndustryPlus and IndustryPro JS20MH material handlers are powered by the new JCB DieselMAX 97kW Stage V compliant engine, for greater efficiency.

**JUST THE JOB**  
**FOR EVERY INDUSTRY**

## JUST THE JOB FOR EASIER SERVICING

Side mounted engine radiator, intercooler and hydraulic oil cooler make for easy and efficient ground level servicing.

# JUST THE JOB FOR GREATER DURABILITY.

Our JS20MH material handlers have rigid upper frames, providing maximum durability and support, while a closed box section revolving frame increases strength.

**JUST THE JOB**  
**FOR EVERY INDUSTRY**

## JUST THE JOB FOR GREATER PRECISION

Our advanced manufacturing and assembly processes produce high precision, quality components.

# JUST THE JOB FOR GREATER COMFORT.

Our IndustryPlus and IndustryPro JS20MH material handlers are designed for comfort, featuring 6 viscous rubber mounts to minimise cab noise and vibration.

**JUST THE JOB**  
**FOR EVERY INDUSTRY**

## JUST THE JOB FOR GREATER EASE OF USE

The front stabiliser steps have been modified to improve ease of cab access and egress.

# JUST THE JOB FOR GREATER SAFETY.

Our IndustryPro JS20MH material handler has additional standard features including full LED work lights, road light guards and chevron counterweight.

# JUST THE JOB FOR EVERY INDUSTRY

## JUST THE JOB FOR GREATER VISIBILITY

Both Plus and Pro models feature our distinctive high-rise cab for unrivalled visibility.

## JUST THE JOB

## FOR GREATER PERFORMANCE.

Both our Industry Solutions JS20MH material handlers have a joystick mounted power boost button to give quick access to extra hydraulic power.

**JUST THE JOB**  
**FOR EVERY INDUSTRY**

## JUST THE JOB FOR GREATER PRODUCTIVITY

The IndustryPro JS20MH has 5 LED work lights, allowing you to work around the clock.

## SPECIFICATION.

<b>MODEL</b>	<b>JS20MH</b>
<b>Maximum operating weight</b>	<b>20,720kg</b>
<b>Maximum engine power</b>	<b>97kW/130hp</b>
<b>Height over raised cab</b>	<b>5340mm</b>
<b>Cab travel range</b>	<b>+2146mm</b>
<b>Max pin reach front (3.6m mh/4.0m sh dipper)</b>	<b>10,606mm / 10,099mm</b>
<b>Max pin reach vertical (3.6m mh/4.0m sh dipper)</b>	<b>9046mm / 8933mm</b>
<b>Machine width</b>	<b>2500mm / 2750mm</b>
<b>Engine emissions</b>	<b>Stage V</b>

## STANDARD FEATURES.

### INDUSTRYPLUS

- JCB DieselMAX 97kW Stage V compliant engine
- Wide core radiator and reverse fan
- Climate control
- 5x halogen worklights
- Heated air suspension seat

### INDUSTRYPRO

- JCB DieselMAX 97kW Stage V compliant engine
- Wide core radiator and reverse fan
- Climate control
- 5x LED worklights with protective guards
- Heated & ventilated air suspension seat with additional lumbar support
- Red and white chevron counterweight
